Continuation of 4(e) Other: The original set of claims filed 1/23/2006 contains 16 total claims, however the preliminary amendment filed 1/23/2006 contains 10 claims, and it is not clear if the claims omitted have been withdrawn or canceled. Furthermore, all amendments must satisfy the rules of CFR 1.121, so that all claims being currently amended are presented with markings to indiciate the changes that have been made relative to the immediate prior version. For a list of criteria, see MPEP 714. The current claims in the preliminary amendment filed do not correspond to the originally filed claims. For example, claim 1 of the original set of claims is drawn to a thermoplastic polyurethane, and amended claim 1 is drawn to a process for preparing a silane modified polyurethane, however the changes have not been identified under the rules of CFR 1.121.
